

Brookfield State School Annual Implementation Plan 2021

Overarching School Review Recommendations

- *Develop an Explicit Improvement Agenda (EIA) for the school that is aligned to the new school strategic planning cycle, informed by school data and includes timelines for implementation and targets for improved student learning outcomes.*
- *Align current and future school processes that enable members of the leadership team to support teachers to work together to gain a deeper understanding of curriculum, student achievement data, and effective pedagogical practices with the EIA.*
- *Review the roles of key staff and the associated responsibilities and accountabilities aligned with these roles to enable the enactment of the identified key strategies and actions of the next strategic plan cycle.*

Development priority: Curriculum Implementation and Pedagogy

School Review Recommendations

- *Continue to build staff and community awareness of the **potential for high performance achievement** that can be expected of students at the school and the **data required to measure progress**.*
- *Enhance staff capability through the implementation of targeted and aligned **induction and APR processes**.*
- *Continue to **develop and refine the school curriculum framework** in-line with the AC.*
- *Build on the collaborative curriculum planning processes to align with the school curriculum framework and **deepen teacher understanding of the AC and school expectations for an 'A' student achievement standard**.*
- *Promote the development of **intellectual rigour** with all students as a key component of the school culture.*
- *Further develop school moderation practices to include both **horizontal and vertical moderation** to assist in quality assurance of the enactment of the intended curriculum*
- *Establish a **whole-school approach to differentiation** that best caters for the needs of all students.*
- *Develop teacher capabilities to **effectively differentiate** for student learning within classrooms.*
- *Align **roles and responsibilities of specialist and support staff** with the EIA in assisting teachers to differentiate their teaching to support and extend students within their classrooms.*
- *Support all staff to access appropriate PD including **coaching and mentoring** in order to maximise student achievement.*
- *Further develop the school **observation and feedback model** for staff to align with the **EIA, APR process and the school pedagogical expectations**.*
- *In conjunction with the School Council, **explore and develop partnerships beyond the local community** that have the potential to improve students' learning and wellbeing outcomes.*
- *Review the **school pedagogical framework** to clarify the school **evidence-based teaching practices** that are expected in all classrooms.*
