

# Before and After School Safety

Supervision is provided for students from 8:30am until 3:15pm. Students needing to be at school before or after these times need to attend PCYC Outside of School Hours Care or authorised before/after school activities.

## **Before School Care and Supervision**

Students needing to be at school before 8:30am should attend PCYC Outside of School Hours Care in order to be safely supervised. Our PCYC OSHC do a wonderful job caring for our students before and after school.

Students who arrive at school from 8:30am and before 8:40am should wait in CPA2 (Covered Play Area 2) near the tuckshop. They will be supervised by a staff member from 8:30am. At 8:40am they are sent to their classrooms to prepare for the day.

## **After School Care and Supervision**

Please ensure students are collected by 3:15pm or attend PCYC Outside of School Hours Care.

## **Entering and Exiting the School**

When entering our school, please use the Gate 2 and Gate 3 pedestrian gates (at the Administration Office and Library) or oval Horse Parade gate near the showgrounds. Students are not to enter or exit via the Basketball Court, car parks or showgrounds as these areas are not supervised and therefore unsafe.

Please do not drive into the Administration or Staff Car Parks. These are for staff members only.

## **Basketball Courts and Tennis Courts**

The Basketball Courts and Tennis Courts are out of bounds in the morning and afternoon as they are unsupervised. Students participating in tennis lessons and basketball training must not be in the area unless supervised by an adult until lessons/training commences. In the afternoons, this means that students must wait at the Gate 3 Stop, Kiss and Go Zone area near the library until collected by the tennis coach.

## **Brookfield Showgrounds**

Please ensure your children do not walk through the showgrounds to meet you and that they walk straight to you after school without any deviations. Please also ensure that your children are not playing on the showgrounds oval and are adequately supervised.
